Objection raised to purchase of backhoe

A motion to forego the purchase of a backhoe, at a cost of \$40,000, failed to receive a seconder at the March 8 meeting of Anson, Hindon and Minden municipal council. The resolution was tabled by Councillor Gary Kenney and resulted in an extensive debate on the value of purchasing equipment versus renting.

Kenney's motion suggested that since the Ministry of Transportation and Communications had reduced the municipal allocations for 1983 and this year, the purchase of the backhoe should be cancelled and the tenders, which have already been called for, should be returned. As well the resolution suggested that municipal supervisors be authorized to rent such equipment as required.

Deputy Reeve Ed Pergolas pointed out that the purchase of the backhoe had nothing to do with the MTC as it was being purchased with funds raised by the town water system. He explained the water system would purchase the backhoe and rent it to the other municipal departments.

Kenney suggested this amounted to treating one municipal department, the water system, as a separate company, and using its profit to support the other departments. Kenney said the profit earned by the water system should be

returned to the people who provided it in the first place.

Pergolas said the councillor was "off base" in his assessment of the situation. He pointed out that Kenney's suggestion, that the municipality rent equipment such as this when required, is what is happening now. He noted the backhoe would be rented to other municipal departments. (The municipality has followed a similar route in the purchase of a tandem truck and grader. They were purchased with general funds and is "rented" to the township road department at MTC rates).

Kenney pointed out that there were a number of individuals and companies through which the township could rent a backhoe. He pointed out when the municipality purchases the piece of equipment, it is responsible for additional costs such as maintenance, insurance and servicing. He said if the township makes the purchase, the estimated \$40,000 cost will be spent outside the county. He suggested a contract with a local equipment owner, estimated at 200 hours per year at \$35 per hour, would cost the municipality \$7,000. Kenney noted this amount would be spent locally.

Pergolas said the utilities board considered that option, but felt it would be better to have its own equipment. He noted that some

departments experienced difficulty in hiring the equipment outside the regular working hours.

Reeve Lyle McKnight told the meeting that the Recreation Committee had been considering the purchase of another "small" tractor. He noted a larger unit would be of more value to them. He said the purchase of the backhoe by the water department would make the equipment available not only to that department, but to the sewer, roads, recreation and parks departments as well.

Councillor Pat Burk asked which method, purchase or rental, would save the municipality the most money. "What is more prudent?" she asked.

Deputy Reeve Pergolas replied it was more efficient to purchase the equipment.

Pergolas said that Kenney "had a mad on for the MTC" because of the changes in the funding announced recently. He pointed out that the municipal water system had the lowest rate in the province.

Pat Burk noted that if the \$40,000 was not spent on a backhoe, it could not, for example, be transferred to the road department to build a road. "You can't use it for anything," the reeve added. "The other departments would benefit if the money was used to purchase

(more on page 3)

While Jim Lawr finds himself in a dicey situation, Dan Hayes hones his skills during an open house held on Thursday at the Haliburton Highlands Hospitality Training Centre. The occasion marked the start of the schools third term after moving to their new facilities. See story on page 2.

New logo for Lutterworth township

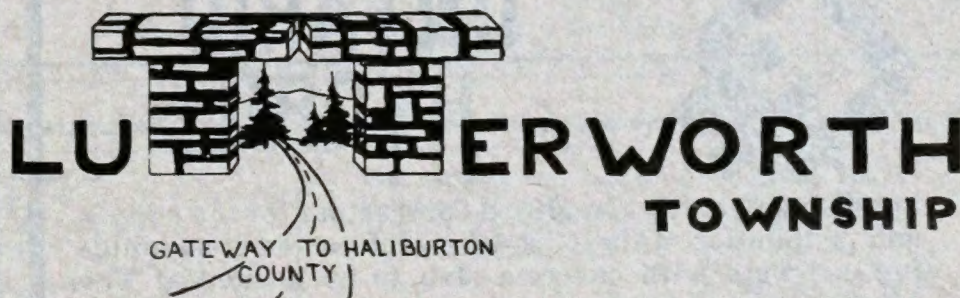

The Township of Lutterworth has a new logo. The design, seen on the right, was the one selected by members of the municipality council from four entries received. The winning entry was submitted by Gary Chapman.

The township had held an open competition for the design. The prize for the winning entry is \$50.

Chapman noted that he had taken the municipality's slogan, the gateway to the Highlands, and incorporated it into his design using the two 't's in the name as a frame for a stone gateway.

According to Lutterworth Reeve Ron Gambell, the design will be used on the municipality's letterhead and there is a possibility a replica of the design could be built near the boundary information centre.

Chapman has announced that the prize money will be turned over to the Minden Rotary Club to sponsor a memorial trophy in the name of Jack McGregor, who passed away earlier this year. "The trophy will be presented to a Haliburton County resident who participates in a white water competition," Chapman suggested. "Jack McGregor was an enthusiastic promoter of the white water competitions at the Minden Wild Water

Preserve," Chapman noted. "Perhaps offering a trophy for a county resident will help encourage local participation in the sport."

Rotary Club President Bill Obee accepted the donation on behalf of the club. He said the local service club would be pleased to administer the fund for the trophy and assist the competition organizers in promoting it. Obee also extended an invitation to others who may wish to contribute to the fund, to contact him, through the fund.

Hospitality Centre gets new quarters

The Hospitality Training Centre has begun a new session in a new home and to celebrate an open house was held on Thursday. Throughout the afternoon visitors toured the renovated facility talking to the students and staff and sampling the refreshments that were prepared at the centre.

The establishment of the training centre is the result of more than two years of research and planning. The Economic Development Committee set up by the Haliburton Chamber of Commerce formulated the basic idea after a study showed that there was a need to train people to work in the service field.

The Local Employment Assistance Program provided funding for the centre which commenced classes in May 1983. After two terms were completed the centre moved to a renovated home located near Sir Sandford Fleming College in Haliburton. The Ministry of Employment and Immigration now provides funding under the Job Corp Program.

The program is designed to train people between the ages of 16-24. Students can choose one of four technical areas. They can study to

become a bartender, waiter or waitress, housekeeper or a kitchen helper. Each student is also given supplementary instruction in a related field. For example a waitress is also taught housekeeping skills in order to provide more comprehensive learning experience.

Aside from the technical training the students are also taught job interview techniques, communication skills and how to interact with people. These "Life Skills" are taught by Rebecca Parkes, the director of the centre.

These classes build self esteem and reinforce positive attitudes to better prepare them for the job market. "It is exciting to see the changes in people," Miss Parkes commented. "People feel more in control." She emphasises that the centre provides an "adult learning" environment that is different from a secondary school in that the students are able to learn at their own pace. "People learn quicker that way," she said.

"Another reason for our success," she noted, "is that we have had a lot of cooperation from the resort operators in this area." After four or five weeks the students receive on the job

experience at establishments in the county. After three weeks the students return to the centre for a two week period.

After more training they work with the staff to choose their next placement. After another three weeks of field work the students return to school for their final training session. They then choose their own placement to finish the course. Student Mariane Lindsay expalined the benefits of the job placements. "They give you experience in different environments."

Over 70% of the graduates of the course have found work immediately. Most of the students were hired in the local area. Miss Parkes commented that although most of the students have found employment in the Haliburton Highlands "I can see that changing in the future once more people outside the county know about us," adding "I think there is a lot of potential for growth." She also noted "We have already had a lot of interest shown by people outside of Haliburton."

Judging from the number of people who attended the open house, there are a lot of people in this area who are interested as well.

Students at the Hospitality Training Centre in Haliburton greeted visitors with punch and hors d'oeuvres during Thursday's open house.

Police investigate mishaps

Minden OPP report a number of accidents occurred during the past week.

The estimated damage in a single car accident March 6 was \$4,000. The mishap occurred on Highway 121 west of Haliburton.

Morris Allan Stamp, 58, of Dysart Township was the driver of the car involved. The driver lost control of the vehicle, it crossed the roadway, bounced over a driveway and became airborne before glancing off a hydro pole. The driver was taken by ambulance to Haliburton Hospital.

A charge of careless driving has been laid. The

investigating officer is Constable Bob Pearson.

Collision

A two car accident on the Bobcaygeon Road in Minden resulted in a total of \$3800 damage. The mishap occurred March 11.

According to the police, both vehicles were south-bound when the truck driven by Royce Miller, 28, of Minden, attempted to make a left hand turn. A second car, driven by Douglas Garrett, 36, of Mississauga attempted to pass the Miller truck when the collision occurred. Miller has been charged with failing to signal a turn

while Garrett was charged with improper passing.

The accident was investigated by Constable Dave Rogers.

Haliburton mishap

A driver of a van which spun out of control on Highland Street in Haliburton Village has been charged with impaired driving.

John Cornell 26, of Scarborough was the driver of the vehicle which went out of control, entered a ditch and rolled down an embankment into a hydro pole. The mishap caused \$1,000 damage to the van.

The accident was investigated by Constable Boyd Jarvis.

ONTARIO HYDRO

Invites tenders from qualified contractors for the supply and installation of the 24' x 48' prefabricated steel building complete with concrete slab to be located at The Minden Service Centre.

Tendering documents can be obtained from the Minden Area Office between 8:30 a.m. and 4:30 p.m. from March 15, 1984 to March 27, 1984.

Council split on centre

On a tie vote, the municipality of Anson, Hindon and Minden has agreed to proceed with the idea of establishing a cycling centre, or "dump runner's corner" at the Scotch Line landfill site. The resolution was endorsed after Reeve Lyle McKnight voted in favour of the proposal at the March 8 meeting of council.

The idea had been first proposed over a year ago. It received a less than enthusiastic reception that time as well.

Councillor Gary Kenney has been the force behind the idea, suggesting that a special area be set aside at the dump for people to leave articles which may be of value to other individuals. The proposal would see a shelter constructed to protect the items from the weather. The building would be constructed using reclaimed material and labour through a works grant or the local Katimavik program, Kenney told the council.

Councillor Dave Stevens, the chairman of the committee responsible for the dump, asked what would be gained by establishing the recycling centre. Kenney suggested that it would reduce the volume of garbage going into the dump, provide support for the Ministry of Environment guidelines which encourages recycling, and make legal what is now taking place. The latter reference as to the fact that, without an organized recycling centre, individuals often leave useful items off to the side for others to pick up, rather than throwing them over the edge of the

dump. According to municipal regulations, scavenging at the site is not permitted.

Kenney suggested the idea could be a step toward establishing a more formal recycling centre for sorting other useful material such as glass or paper.

He told the council that he had contacted a number of volunteers who had indicated they would be willing to monitor the use of the centre, ensuring that it remains tidy and only useable items are left there.

Deputy Reeve Ed Pergolas objected to the idea, calling it out of order. He said that since the motion called for the expenditure of money, it was a matter for budget consideration. Kenney

responded by pointing out the material for the shelter would be recycled from the dump and the labour would come from work projects. He said the only funding required would be for a sign indicating what the centre was for.

Councillor Dave Stevens said he was against the idea and noted that the current dump caretaker did not favour the project either.

Councillor Pat Burk seconded the Kenney motion, saying she felt it was worth trying.

Pergolas and Stevens voted against the idea with Kenney and Burk in favour. Reeve McKnight broke the tie with a positive vote. He said he was swayed in his decision by the last paragraph of the resolution,

which said the centre would be closed if it was not maintained in a tidy way and if the use of it did not warrant its continued existence.

The council has asked Councillor Dave Stevens to monitor the facility.

Contract awarded

The council also accepted the proposal from Jim Garbutt for the collection of garbage from the receptacles in the core area of the community. The contract calls for the 20 containers to be emptied three times a week between May 15 and October 15 for a total cost of \$2376. If additional containers are added, the contract will be increased on a pro rated basis.

Council briefs

Items from the March 8 meeting of Anson, Hindon and Minden municipal council meeting.

Budget presentations

A resolution by Councillor Gary Kenney that various municipal departments present their budget submissions to the council prior to consideration of the entire municipal budget was agreed to by other members of the council. Deputy Reeve Ed Pergolas said that was the procedure the council was following anyway, but it was suggested that it be formalized by having it included in the municipality's policy book.

Flooring contract

The council agreed to the

expenditure of \$2104 for the installation of carpeting and vinyl flooring in the new offices being created in the former ambulance garage area. The successful bid, of the two received, came from Cordell Interior of Haliburton. The second bid was \$2659.

Fire protection

The municipality has entered into an agreement with Snowdon Township to provide fire protection for a portion of that municipality. The cost of the service will be \$1000 annual fee, \$183.75 for the first hour of any fire call and \$89.25 for each additional hour.

a backhoe."

The deputy reeve, who also serves on the utilities board said the decision had already been made at that level and said it should stand. He questioned whether the councillor should be concerned with the matter at all. Kenney countered by noting it was the municipality which had called the tenders in the first place.

Kenney's motion failed to obtain a seconder, however, it was pointed out the matter was not closed. It will come up for discussion when the tenders are considered, probably at the next meeting. (The tender call was done in conjunction with Lutterworth Township. Each municipality plans to purchase one machine. The tenders will be opened Thursday evening at the Lutterworth municipal council meeting.)

To buy or rent

To buy or to rent - that, on the surface, was the basis of a debate Thursday at the regular meeting of Anson, Hindon and Minden municipal council. Councillor Gary Kenney had questioned the need to purchase a backhoe, at an estimated cost of \$40,000, when, as he stated, equipment could be rented from local individuals on an as required basis, for \$7,000 for 200 hours.

The debate which ensued pointed up a number of items which we feel require closer examination.

The fact that purchasing a backhoe would result in an estimated \$40,000 leaving the county (we are unaware of any dealer in the county who could meet the request) is certainly an important point. By renting the same equipment from a local operator the municipality would be pumping that money back into the area economy. There are operators here who have equipment similar to that being called for in the tender and who are willing to be available when required.

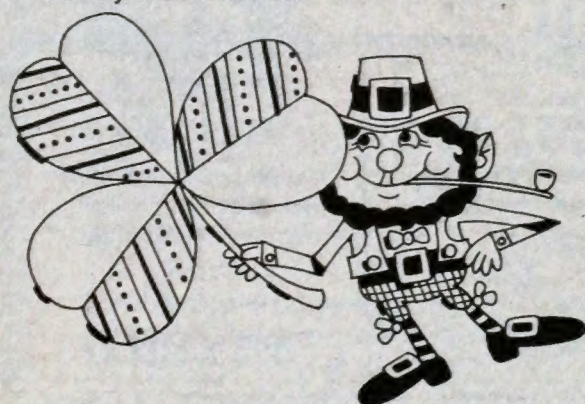

By purchasing the equipment, the municipality is also taking on the financial responsibility for maintaining and servicing the backhoe. A member of the municipal staff would have to be trained to operate it and be available on an around the clock basis, at least for sewer and water work. Which begs the question, is there enough municipal work to justify the expenditure or will this be another piece of equipment that will spend most of its time in the municipal yard?

Renting, on a contract basis, guarantees equipment availability, eliminates the overhead charges and possibility of additional staff while presenting the municipality with a fixed annual cost which, if the 200 hour estimate is correct, is approximately one seventh the proposed purchase price.

It was pointed out that the backhoe would be purchased with surplus funds, generated by the water system, and then 'rented' to other municipal departments. That surplus was generated through payments received from a limited number of ratepayers, those on the water system. We question whether these

funds should be used to purchase a piece of equipment to be used by other departments. We suggest the money in fact 'belongs' to the individuals who provided it in the first place, those on the water system, and the money should be used to improve the efficiency of the system or reduce the water rates.

Considering that backhoe rentals are available locally, that the need for the purchase has yet to be publicly justified and the seeming unfair practice of transferring funds from one department to support others, we feel the purchase of a backhoe by the municipality be seriously reconsidered.

Split rail in Stanhope.

letters letters letters letters

Editor:

The editorials of February 22 and February 29, 1984 resurrected a proposition which appeared in the Haliburton Echo in June 1981, and which, dealt with a re-structuring of municipalities in the County of Haliburton.

As part of the proposal outlined in The Times

editorial, Stanhope would be included among those to be linked to Minden.

This suggestion has no more merit at this time than it had in 1981, in so far as

Stanhope township is concerned. There is little evidence that Minden can offer any benefits to Stanhope as a result of amalgamation.

The suggestion that there

would be savings resulting from staff changes is not likely to bear much fruit.

Staff reductions would mean less municipal service and any financial saving resulting from amalgamation would soon flow away as a result of higher remuneration to Council members, Professional staff members and other employees due to

previous extravagance.

A clearer presentation of the benefits of any amalgamation as outlined in the editorials would, I am sure, be appreciated by others.

A. F. Stevenson,
Stanhope Township.

Editor:

Just a few words in favour and praise of our Minden hospital.

Employment program needed

-by John Eakins MPP-

In today's Ontario about half a million people are unemployed - many of them energetic young people - yet the Ontario Manpower Commission forecasts that we will lack some 48,000 highly skilled workers and 28,000 moderately skilled over the next few years.

Liberal Leader David Peterson has made public proposals and policy initiatives designed to address immediate unemployment and training problems and to marshal our resources to meet the challenges of a rapidly changing technological society.

We can, and must, act now to make specific improvements to our existing system. These can be achieved quickly, easily and cheaply. By outlining our party's concerns for the longer term, we hope to stimulate public discussion

on the requirements which will most improve our skills training efforts.

We have made the following five specific proposals for immediate action:

- require all ministries of the Ontario government to lead by example in the provision of on-the-job training and skills upgrading.

- implement a custom skills training program, providing subsidy support to the private sector, to train people rapidly and flexibly to meet the specific needs of firms or industries.

- as a priority, incorporate skills training into the mandate of the Ontario technology centres.

- create a marketing branch within the Ontario Manpower Commission to disseminate information and forecasts on the labour

SECOND CLASS MAIL REGISTRATION NO. 0936

Frost Centre homes test furnaces and fuels

Story by Michael Shirley

In the late 1940's the government of Ontario dis-assembled a prisoner of war camp situated near Matheson and transported the salvaged materials to a ranger camp on St. Noras Lake. A number of buildings were constructed with the re-cycled material including six houses that are now rented to employees of the Frost Centre. The tenants of those homes are presently engaged in a unique study of different types of wood products that can be used as a fuel to heat buildings.

The project began in the fall of 1983 after Ministry of Natural Resources officials at the Frost Centre realized that the identical homes would be ideal for a controlled experiment to compare alternative heating systems. Since the ministry is interested in utilizing refuse from the wood industry a decision was made to install four furnaces that are fuelled by wood products and to retain two furnaces that would be used as a comparison.

After funding from the Ministry of Energy was approved, private contractors installed the new systems in tandem with the existing oil furnaces. Four new chimneys were also installed. As part of the experiment four different types of chimneys were erected to test their efficiency.

During a recent tour of the houses the director of the Frost Centre, George Hamilton, explained how each of the systems work. In one house a sawdust burner has been connected to a wood burning furnace. The unit consists of a hopper that is filled with sawdust. The sawdust is fed into a primary and secondary burner providing a very clean, efficient fire. The sawdust, which is obtained from two local saw mills is stored in a large cold-room in the basement.

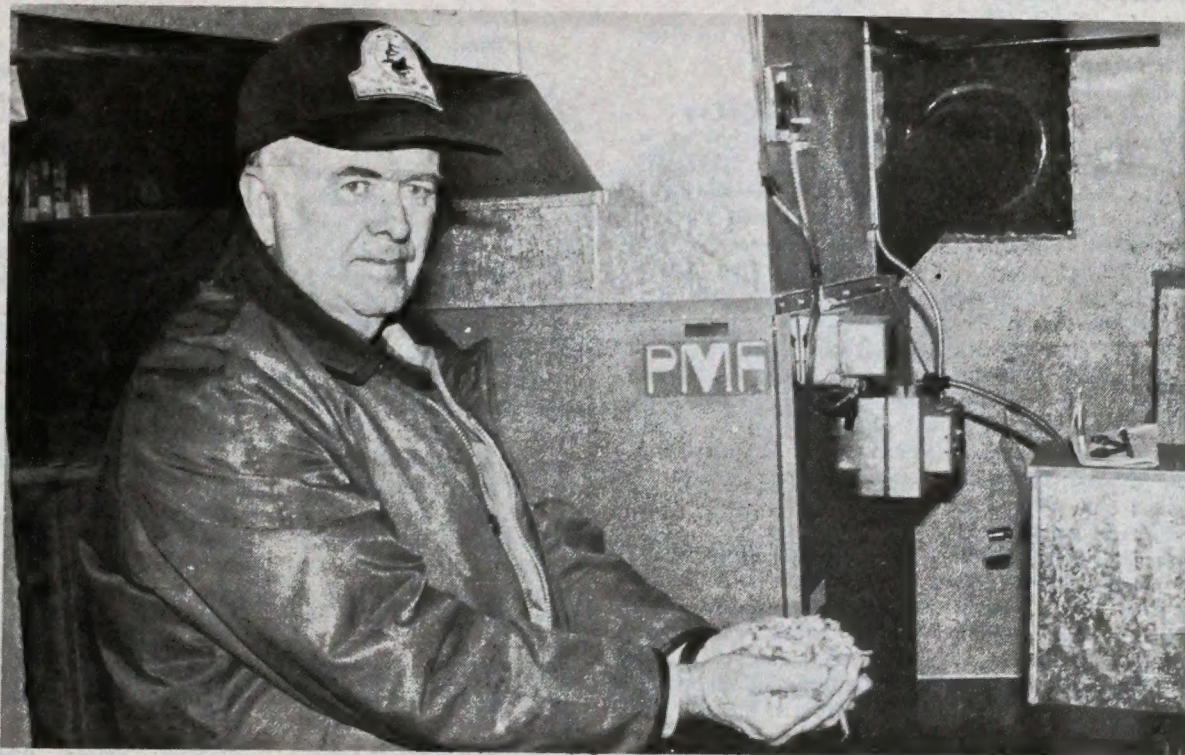

Fungus concerns

The sawdust is stock-piled inside the home, and so there was some concern for the health of the residents. Sawdust is an organic material and as the director explained "it will age and fungus growth can occur. We are concerned about spores being drawn into the house so the air from the storage area is exhausted to the outside of the building." This is accomplished by using an electric fan to force air from the basement through the stockpile and out an opening in the wall.

The tenant of the home fills the hopper at the side of the furnace two or three times a day after weighing each bucket of sawdust. "We were surprised at how much fuel it took" the director explained pointing out that the furnace had been burning an average of 224 lbs. a day during the first week of March.

The tenants also provide a weekly sample of the sawdust which is examined for moisture content. Mr. Hamilton noted "We have found that the system doesn't work well if the moisture content is over 40%".

The sawdust burner has worked quite efficiently throughout the winter but a similar system which burns wood chips has not been as successful. Similar wood chip burners are used by a number of farmers on Prince Edward Island. The high cost of electric power on the

George Hamilton examines sample of hybrid poplar chips.

island and a shortage of mature forests resulted in the farmers utilizing brush that has been chopped up into small wood chips. A fast growing hybrid poplar is currently being used in a similar project near Brockville. The poplar saplings are well suited to the shallow moist soil of the area and are being used as a fuel in a college near Brockville. The Frost centre is using the poplar chips in one of the homes.

The wood chips are stored in the cold-room then poured by hand into a hopper built onto the side of a furnace. The chips are drawn into a combustion chamber by an auger and air is forced through the fire creating a very intense heat. Because the wood chips do not move freely enough through the hopper, the system, as it has been designed, has not been effective and a different type of hopper will have to be used.

Logs preferred to chips

The wood chips which are produced from brush or saplings will probably not prove to be a practical fuel for this area. As Mr. Hamilton explained "We are not oriented to small trees here, we are oriented to large timber".

The third home has a log burning air tight furnace installed in the basement. The logs are weighed before they are burned and a record is also kept of the weight of the ashes to determine the efficiency of the furnace.

A similar furnace is used in the fourth home with the addition of a catalytic converter which increases the efficiency of the furnace.

Oil furnaces are used in four of the homes as a back up system and are the only source of heat in the two remaining homes. Fuel meters are connected to all of the oil furnaces to accurately measure fuel consumption.

The Ontario Research Foundation is monitoring the experiment to determine the efficiency of each system. A technician visits the centre each week to record the amount of fuel used by each home. Creosote samples are taken from each chimney to be later analysed and readings are taken from air monitoring stations that are placed throughout the immediate area to record air pollution. Records are also kept of the temperatures both inside and outside the homes. Electronic calculators located in each home constantly monitor temperature changes.

In the final stages of the experiment the homes which have been heated with wood will alternate between oil heat and the new systems in order to make a more accurate comparison.

The final report on the program will not be released until the summer but the test project has already been informative. According to Mr. Hamilton "even with the negative aspects of the wood chip system we have learned alot".

Council backs society

A resolution of support for the formation of a county historical society has been endorsed by the Anson, Hindon and Minden municipal council. The motion was tabled during the March 8 meeting.

The motion was in response to an announcement from Stanhope Reeve Harry Davis that a meeting is being held March 22 to ascertain if there was enough interest in the county for such an organization.

The original resolution, proposed by Councillor Gary Kenney, suggested the municipality contribute \$1,000 for the use of the society, once it is established under the guidelines of the Ontario Historical Society. Kenney said that by committing financial

support to the fledgling organization, the municipality would be encouraging similar support from other councils and organizations in the county.

However, Reeve Lyle McKnight said that rather than have a definite commitment, the council should just indicate to the organizer that this municipality was willing to provide financial support. He said the township should wait to determine what the need of the society is before promising a set amount.

Kenney agreed to the change in the resolution. The motion of support will be circulated to other townships in the county seeking their endorsement. As well, several members of the Anson, Hindon and Minden council have indicated they

will be in attendance that evening for the meeting.

According to the meeting organizer, Harry Davis, one of the main reasons for forming a county historical society is to provide support for the Kanawa International Canoe Museum. He said the society would direct its efforts toward assuring the museum remains in Haliburton County and assist in raising funds to support the facility. He also pointed out that the society could assist in staffing the museum through applications for work grants.

Davis said that representatives from the Ministry of Culture and Recreation as well as the Ontario Historical Society will be in attendance at the meeting. He said they will make presentations as of the museum

facility. The Stanhope Reeve said he had not heard "anything negative" from the province regarding the relocation of the museum and he felt the formation of a local group would assist in presenting a positive attitude on behalf of area residents.

An invitation has been extended to all residents, including seasonal property owners, to attend the meeting and become involved in the society. "We have received good support from several cottage organizations," Davis commented. "Their assistance is more than welcome."

The meeting will be held March 22 at Wig-A-Mog Inn beginning at 8 p.m. For more information, contact Stanhope Reeve Harry Davis.

from the chamber

Haliburton County will be well represented at the Sportsmen's Show this year.

We have a new booth to better facilitate the marketing of the Highlands. It will be a little more up to date and provide more display area for our brochures and artifacts of the County.

The Agnes Jamieson Gallery will have on display a large hand made wreath patterned quilt. Autumn colours on a beige background makes it most suitable for many modern or antique decors. The quilt was made by Mrs. Jean Hewitt of Minden and sold to the Agnes Jamieson Gallery for the Sportsmen's Show raffle. 1500 tickets will be sold at \$1.00 each with a draw date to be May 21.

We understand the quilt will be on display in Haliburton County after the show and tickets will be sold by the Gallery.

Haliburton Highlands School of Fine Arts and Sir Sandford Fleming College will also be featured at the show. Their new summer course catalogue is now available. They have a wide variety of courses to offer this year, so register early to avoid disappointment.

The Rails' End Gallery will also be selling tickets for a trip to St. Lucia. Only 2000 tickets will be sold at \$5.00 each with the draw to be held on March 31. So reserve your spot in the sun. We understand the tickets are also on sale at the Rails' End Gallery.

Warm welcome

The school break gives us the opportunity to extend a warm welcome to the many families who spend the March break vacationing in the Highlands. Let's show

them it's better in the Highlands.

St. Patrick's Day

A tip of the hat to St. Patrick and the Wearin' O' the Green on March 17th.

We understand some of our member establishments will be featuring special recognition of the day. There will be a St. Patrick's day dance at the Lloyd Watson Centre in Wilberforce from 9 p.m. to 1 a.m. with music by Six Pack. Tickets are \$6.00 and it is sponsored by the Recreation Board.

Maple syrup

On March 31, it's Maple Syrup Day at the Leslie Frost Centre near Dorset from 9:30 a.m. to 3 p.m. Maple syrup products will be available as well as baked goods. Lunch may be purchased at the Centre. Facilities showing wildlife, forestry and minerals will be open to the public.

Museum meeting

An important meeting has been scheduled for 8 p.m., March 22 at the Wig-A-Mog Inn which will assist immeasurably in determining the future of the Kanawa Canoe Museum. Representatives will be present from the Ontario Historical Society and the Ministry of Culture and Recreation who I am sure will have interesting presentations.

The immediate objective of the meeting is to preserve and retain this unique collection in our county. Please plan to attend and lend your support to this worthwhile function. Audience participation will be encouraged at the meeting.

Thousands of children like Timmy & Tammy get the help they need from Easter Seals to carry on their fight for an independent life.

Your help is needed, too.

Volunteer day well attended

by Marie Wallace

Although our "Volunteer's Day" was held at the PineStone Inn back in January, I have never reported on this successful event. The directors were very pleased to have had so many 'new' people attend. This is encouraging because more seniors are hearing about the services which are sponsored by Home Support. Our aim is important to everyone "to enable the elderly and handicapped persons to remain independent in their homes for a longer period, and to create in the community an awareness of the process of aging and the needs of the elderly".

Dr. Joy Ballard from Wilberforce was our guest speaker and she encouraged us all to continue "or begin" reaching out to our neighbours - we depend on others and others depend on us!

It was especially great to have had such a large number attend from Cardiff, Harcourt, Highland Grove, Wilberforce and Tory Hill. A bus was

sponsored and this group enjoyed a "get acquainted" visit to the County Drop-In Centre located adjacent to our Home Support Office.

We were sorry that we had to disappoint so many of you who phoned to make a reservation but we were limited to 140 people. PineStone is enlarging and hope that they will soon be able to accommodate 200 people.

May I remind you again that the Drop-In Centre is here for you - feel free to drop in and have a rest, enjoy a coffee or tea, meet friends, wait for ride, and enjoy Bridge on Mondays at 2:00 p.m. and Euchre on Wednesdays at 2:00 p.m.

You are invited to attend our next Home Support Meeting on Friday, March 16 at 1:30 p.m. in the Senior Drop-In Centre located adjacent to our Home Support Office across from Emmerson Lumber in Haliburton.

Our next big event will be a welcome home to our 'snowbirds' in April. We'll give you more details closer to the date.

Native art show continues at Rails' End

by Virginia Muenzel

One of the more important cultural gifts this country offers us is in its native arts and crafts. Some superb examples of this are on display right now at our own Rails' End Gallery.

"From Our Hands" is an exhibit you should not miss. Each piece of beadwork, each intricately designed basket has been made by hands taught by other hands from lore ages old. The time and care spent on each object cannot be denied.

There are shirts, mukluks, and dresses, (including a splendid wedding dress). The materials used include hides, beadwork, feathers, shells, and even human hair.

Also, on display, are cornhusk dolls, games, pottery, wall hangings and headaddresses. Each design has a meaning, and one is as exquisite as the other. There is even a snowshoe rocker that will surely last forever. You must see this exhibit. It is excellent.

On Wednesday, March 22 at 7:30 p.m., the Gallery is hosting a special evening.

Videos depicting Indian cultural life will be shown and authentic Native refreshments will be served. Admission is \$1.00.

From the Chorale Society: Anyone interested in singing, please call Marilyn Stouffer. They are practicing the Messiah for next Christmas, among other things.

I hope you all have your tickets for the Tanglefoot concert on March 21st. If not, you can still get them at the Gallery. Remember, this will be a banjo, guitar, mandolin, and fiddle, along with stories and images of early Canada. After Tanglefoot, put aside May 1 for the Ontario London Sinfonia, which will be presenting a varied and entertaining program ranging from Mozart to Broadway.

Beginning March 2, watch for showings of Guild Member Art at the Bank of Montreal, Bank of Commerce, PineStone Inn, Toronto Dominion Bank in Minden, and the Library in Wilberforce. There is a lot of talent in Haliburton, and it's going to be nice to see it all on display.

An artist's concept of the court yard at the front of the new 22 unit senior citizen's apartment units scheduled to be built this summer in Minden.

22 unit seniors complex funding approved

Final approval has been received for the construction of 22 senior citizens apartment units in Minden. Approval of the project was received last week and announced by Anson, Hindon and Minden Deputy Reeve Ed Pergolas.

The approval means that construction of the units is expected to begin this spring with occupancy expected by this autumn.

The apartment complex is a joint venture of the municipalities of Anson, Hindon and Minden, Lutterworth and Stanhope. A separate housing corporation under the name Staantworth was formed to represent the

interests of the municipalities. Representatives of each municipality sit on the board of directors.

The apartment complex will be built on Prentice Street in Minden, next to the tennis courts by the community centre. There will be four two bedroom apartments and 18 single bedroom units.

Tenders for the construction work have been circulated. Pergolas said he expected the work to cost close to one million dollars. The Deputy Reeve noted that if a builder from outside the area is awarded the contract, provision will be made for the hiring of local trades.

Funding for the construction of the complex is being

supplied by the provincial and federal governments.

Pergolas noted that rent for the units would be \$315 for one bedroom and \$340 for two bedroom apartments. Rent assistance of up to 25% will be available to seniors who qualify. The units will be exclusively for individuals over 60 years of age.

Those interested in renting one of the apartments, who are residents of one of the three participating municipalities, should contact their township clerk for more information. According to Pergolas some 60 applications have already been received.

from the hack

Monday Evening Ladies League

Seven weeks into this ten week schedule, three teams are vying for top spot. Last week Lois Titus scored an 8-4 decision over Marian Anderson while Cheryl Murdoch was losing by the same score to Elaine Blakey to draw the Titus and Murdoch teams into a first place tie. Both rinks have 50 points from 5-2 records and have split their two meetings this schedule.

Just five points off the pace following their 9-1 victory over Bev Wood is the Dale Austin quartet. Dale has recorded 4 wins, 2 losses and one tie so far and has upcoming games against both of the top teams. Blakey and Anderson both have twenty points from two wins but Elaine has a game in hand to be played against the last place team, Bev Wood.

Bev has accumulated 15 points from a win and a tie in her six outings. This week's round sees Murdoch play Wood, Blakey tackle Anderson and in a big game, Austin faces off against Titus.

Wednesday Afternoon Ladies League

Only a single round robin is played in this six team league and after four weeks of play, Louella Yearwood has scored four consecutive victories for 40 points and an almost insurmountable lead.

Louella dumped Marian Ingram 6-1 last week, to leave Marian winless and pointless in four games. The Chris Dollo - Peg Pettinger game was postponed leaving both teams with identical 1-2 records for ten points and in a tie for fourth spot.

The other game saw Cheryl Murdoch edge Gwen Cox 6-2 to give Cheryl second place with 30 points from 3 wins and one loss. Gwen's record fell to 2 and 2 for twenty points and third place.

In this week's action, if Murdoch defeats Pettinger and Cox upsets Yearwood, then Cheryl and Louella would end up tied for first place. It seems unlikely, though, as Yearwood has allowed only 12 points in four games. The other match pits Ingram against Dollo.

Thursday Evening Mixed League

Merv Mintz had sailed to a perfect 6-0 record but in the seventh week of this eleven week schedule, he met the second place J.O. Jackson team and fell 10-4 to the first schedule champs.

Jackson and Mintz now share first place with 60 points from similar 6-1 records. Jackson's only loss

was an early schedule 11-1 set back to Bob Austin. With four games remaining it should be a real dog fight to the final night.

Also in hot pursuit is the Bill Roodenburg team which has 50 points from a 5-2 record. Bill clubbed Bob Austin 10-5 to move within then points of top spot.

Roodenburg has games left against both Jackson and Mintz, so his destiny is in his own hands.

Alone in fourth place with 35 points from a 3-3-1 record is Gareth Kellett who curled to a 6-6 standoff against Jim Burton last week. The tie left Jim with just 2 ties and five losses for ten points and a share of last spot with Stan Blears.

Stan has an identical record and points total following his 10-5 loss to Jerry Pillsworth. The win raised Jerry's record to 3 and 4 for 30 points and sole permission of fifth position.

Sixth spot belongs to Austin who has 25 points from a 2-4-1 record.

Friday Evening Mixed League

Only one team leads the pack in this eleven team league. In six games, Ron Reid has recorded 5 wins and one loss for 50 points while the rest of the rinks remain well back but within 25 points of each other. Ron posted a tight 9-8 win over Jane Symons last week, to consolidate his lead. The loss dropped Symons into a three way tie for fifth place with Penny Obee and Elaine Blakey. All three have 30 points from 3-3 records.

Penny fell 12-3 to Don Blakey while Elaine thumped Bill Obee 9-4 in last week's action. The loss left Don at 2-5 for 20 points and in a tie with Barry Marshall for ninth place. Barry, however, has played two fewer games and owns a 2-3 record. Bill's loss left him dead with 15 points from a 1-5-1 record.

Bill Dillon, meanwhile, increased his record to 4 and 2 with a 6-3 triumph over Paul Prentice. The win moves Dillon into second place with 40 points while Paul dropped into a tie for third spot with Bill Holding. Each team had 35 points from a 3-2-1 record.

Holding chalked up an impressive 9-1 win over Barry and Molly to move into third place.

Alone in eighth spot with a 2-2-1 record and 25 points is Toos Reid. Toos received the bye so was idle this week. There are still four weeks left in the schedule as well as some make-up games to be played so it should be quite a horse race for the playoff positions. Bill Dillon and Ron Reid play each other in two

weeks, which may well decide first place or open the race for a host of teams.

Senior Men's

All twelve teams have played five games each and with just three games remaining three teams are deadlocked for top spot. Ed Pettinger, George Dickie and Tom Hurtt all sport 4-1 records for 40 points.

Alone in fourth, just five points back, is Jim Burton's rink. Jim has a 3-1-1 record and 35 points. Fifth place belongs to Jack Bassett who has 30 points from a 3-2 record.

In sixth position with a 2-2-1 record is the Lester Walling quartet. Les has 25 points while seventh position - with a 2-3 record and 20 points - is shared by Cec Yearwood and John Beachli.

Tied for ninth spot with 15 points from a 1-3-1 record are Stan Blears, Jim Holmes and Tom Stinson. Harold Morgan and Bill Harrison have managed a tie in five games and find them-

selves last with five points. Hold that broom steady, Harry!

Senior Mixed

Two-thirds of the way through this six week schedule finds six teams within ten points of the lead. Peggy Pettinger moved into first place following her 8-3 win over Louella Yearwood. Peggy now has 35 points from 3 wins and one tie while Louella fell into a second place tie with 30 points. She has a 3-1 record while Jane Graham has 30 points from 2 wins and 2 ties. Jane beat Cec Yearwood 6-3 last week leaving Cec tied with four other teams for last place.

Tied for fourth place with 25 points from similar 2-1-1 records are George Dickie, Tom Hurtt and Ev Rudd. George beat Ev 8-3 last week while Tom gave up a default win to Ed Pettinger. Chris Dollo holds down seventh spot with 20 points from a 2-2 record after she beat Gwen Cox 7-5. The five teams holding down the

eighth and last spots are Gwen Cox, Cec Yearwood, Ed Pettinger, George Davidson and Harold Morgan. The former four have ten points from 1-3 records while Morgan has ten points from a 0-2-2 record. Last week Davidson beat Morgan 9-4.

Consider what electric baseboards have to offer.

1. CLEANLINESS

Electric heat is flameless heat. There's no smoke. No soot. No dust. No fumes.

2. SPACE SAVINGS

They fit compactly along walls.

3. FLEXIBILITY

They can be used with your oil or gas furnace, or alone to supply all of your heat. They're ideal for home additions because there's no need to extend the ductwork of your existing furnace.

4. COMFORT

With these systems you can have a thermostat in every room. So you can keep the living room warm, the rec room cool and the spare room even cooler.

5. EASY INSTALLATION

They can be installed quickly and easily and in many cases electrical wiring doesn't need to be upgraded from 60 or 100 amp service.

6. COST SAVINGS

Heating your home with electricity costs less than heating it with oil.

Call your local Hydro and join the converted today.

Go Electric

Blakey rink in first place

by Justin Kidding

With dreams of the Brier dancing in their heads, Dwight Thomas and his fine team had opened the schedule with five consecutive victories. But, in spite of shrewd recruiting, Jerry McKelvey, skipping Don Blakey's team, brought them back to reality last week. Facing two counters, Thomas threw his last rock in the eighth end for a double kill, but rubbed off a guard and handed the Blakey foursome a 7 - 6 victory. The win moved Blakey into first place with

55 points from a 5 - 1 - 1 record. Thomas fell into a second place tie with the Bill Obee team. Each has 50 points from similar 5 - 1 records. They both have a game in hand on Blakey and face each other the last night of the schedule. Dramatically, Blakey has the bye that night.

Obee defeated J. O. Jackson 8 - 4 last week, dropping Jumpin' Jack into eighth spot. Jack has 20 points from a 2 - 4 record. Fourth place is held by the Stan Blears team who curled to a 6 - 6 tie with Paul Prentice. Stan has 45 points from a

record of four wins, two losses and one tie in seven games.

The tie left Paul with 25 points from a 2 - 2 - 1 record and alone in seventh place.

In fifth position with a 4 - 2 record and 40 points is the John Dicker/Bob Austin combo. Bob edged Jerry Pillsworth 10 - 7 last week dropping Jerry into tenth place with 10 points. Jerry has one win in seven outings. The remaining game saw Jim Burton thump Bill Roodenburg 11 - 4, leaving Bill in eleventh and last spot with seven consecutive losses. Jim improved his record to 3 and 3 for 30 points and sixth spot. Bill Dillon's team had the bye

and remained in ninth spot with 15 points from a 1 - 3 - 1 record.

There's a fierce rivalry between the Blakey, Thomas and Obee teams in their battle for top spot, which should not be decided until the last night of the schedule. Blears and Austin will also be challenging for one of the top four positions so the last four weeks should prove crucial.

Blears has yet to play Thomas or Austin while Austin still has to play Obee. Previously Austin lost to Thomas and beat Blakey. Obee and Blakey also have a game against each other coming up. It should be quite a hectic finish.

Straw & Stone bonspiel coming

The 7th annual Straw and Stone Mixed Bonspiel will be held at our club on Friday, March 23 and Saturday, March 24.

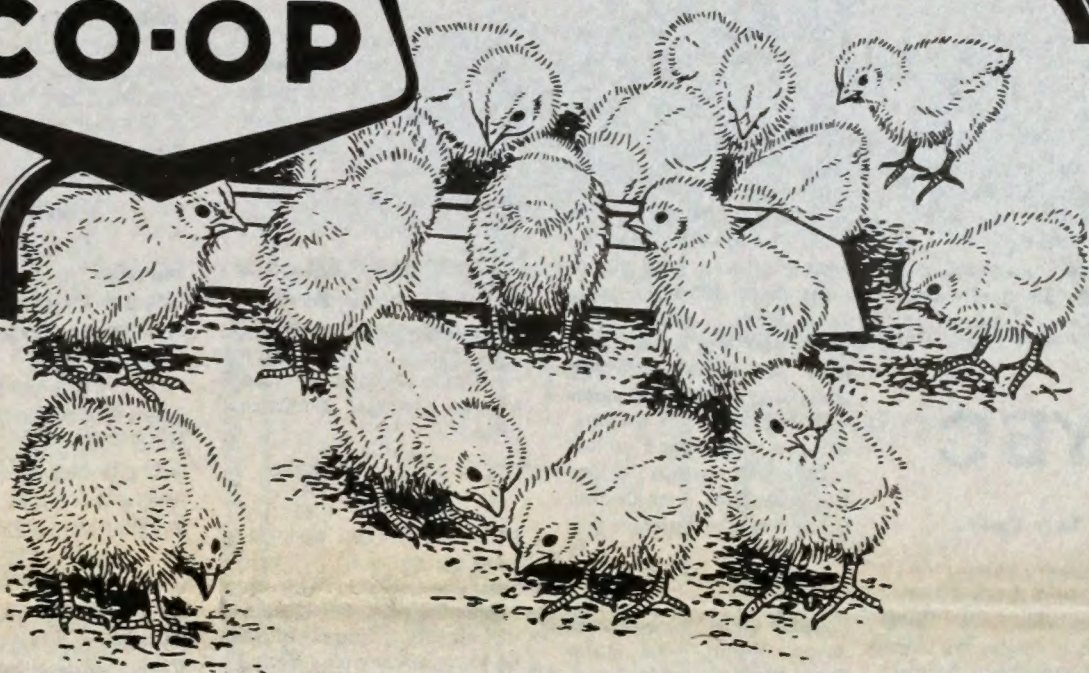

Each team must include two club members but guests are welcome to fill out the other two positions on each team. The first sixteen entries are accepted but we are hoping for many more teams than that number. This will be a costume 'spiel this year with all curlers required to be in full costume on Saturday. Louise Dennys is in charge and the entry sheet is posted

at the club.

Our club will be hosting the zone finals of the Governor-General's competition on Saturday, March 31 and Sunday, April 1. This is a men's competition with each club allowed a double team entry. Any men wishing to compete in club playdowns can contact our O.C.A. representative, Gareth Kellett (286-2737), for more information.

Also keep in mind the annual ladies 'Sweep Into Spring' bonspiel to be held on April 7th at our club. This 'spiel is sponsored by Kawartha Dairy.

CO-OP

Raise your own flock

- SAVE ON FOOD COSTS
- FRESH EGGS
- EARN EXTRA INCOME
- FAMILY FUN

Curb rapidly escalating grocery bills by growing your own poultry meat and eggs right in your own backyard. Nothing beats the enjoyable taste of a freshly laid egg. Include a few extra birds in your flock for sales to friends and neighbours...a good profitable hobby for children. Easy to raise, even in small areas. CO-OP carries a full range of feeding and watering supplies including quality feed. CO-OP feeds are research tested and field proven by many large poultry farmers throughout Ontario to give fast grow-out results to your flock. CO-OP feed and fresh water is all your flock needs to eat to produce fresh meat and eggs. Order healthy day-old chicks, now at CO-OP. Choose from white or brown egg layers or special meat birds. Turkeys are available in lots of 10 chicks or as many as you want. Start planning your flock today and save on eggs and meat for your family.

Juveniles

Earlier this week the Minden Juveniles participated in Woodville's Juvenile Tournament. Due to a shortage of Juvenile players some Haliburton Midgets were asked to join the

regular team. They included Jeff Howe, Mike McNaul, Mike Blake, Corrie McKnight and Greg Newell.

The team successfully competed against such teams as Oshawa Canadians, Harmony (Oshawa) and Milbrook. Scores were 5-3, 8-2 and 3-3 respectively.

Bantams make consolation final

- submitted -

The Minden Bantams travelled to Woodville on Saturday to compete in an eight team tournament. The team, consisting of 7 Bantams and 2 PeeWees, put out a fine effort of sportsmanship and team hockey and proceeded all the way to the consolation final before losing 5-3 to Ops.

The first game against Orillia was an end to end match with only 8 minutes in

penalties. Orillia won the game by a score of 6-4.

Minden goal scorers were Scott Russell from Gord Wood and Tom MacLeod, Gord Wood from Scott Russell, Gord Wood unassisted and Kent Taylor from Tom MacLeod. Minden won the second game 5-2 over Elmira. Scoring for Minden were Gord Wood with 2 goals, Kent Taylor, 1 goal and 1 assist, Scott Russell 1 goal, John Wells, 1 goal and 1 assist and Tom MacLeod with 2 assists. In the consolation final Minden was defeated 5-3 by Ops. Minden was down 5-0 but came back to within 2 before the game was over despite being down to 7 players due to an injury.

Scoring for Minden were Tom MacLeod from Kent Taylor, Gord Wood from Jason Stamp and John Wells from Tom MacLeod. (Prepared by Scott Russell).

YBC

by Lora Patton

This week we have two new Bantam bowlers; Angie and Chris Scott.

The high singles for the Bantams were Lora Patton with 155 and John Patton with 180.

Sheri Whiteway, our only Junior girl bowler, had 180.

Coming up is another family twosome tournament.

If you wish to join the crowd, and are between 5 and 18, come out and join us Saturday mornings at 10 a.m. at Carnarvon Lanes.

Correction

The winner of the Minden Kinetite quilt draw as announced in last week's edition of The Times was incorrect. The winner was Mrs. P. Walton. Congratulations to her and our apologies.

ABILITY FUND
WORKING WITH
PHYSICALLY DISABLED ADULTS

ively.

The Championship game was won by a 5 minute sudden death overtime counting shots on goal. Both Kevin Smith and Tim Deremo put up superior games.

The management of the Juvenile team wish to express their gratitude and thanks to a fine effort put out by all.

Atoms

With a win and a loss this past week the Minden Atoms now have a record of four wins and four losses in their round robin playoff. They have one game left in the series, against Sunderland, but the outcome of that game will not affect the standings so it is uncertain if the game will be played at all.

In the first match of the weekend, Minden defeated Bobcaygeon 3-1 in a game played in Bobcaygeon. Rob Ackerblade once again led his team to the victory, scoring all three goals. Dave Lee assisted on two of the efforts.

The team travelled to Omeme Saturday and were defeated by their hosts by a 4-0 margin. The Minden boys were just overpowered by the stronger Omeme team.

Tykes

A reminder that the Minden Tykes annual tournament will be held Saturday, March 24 at the Minden arena. This league includes the youngest of the budding hockey players and is a delight to watch. Get out and support the efforts of our local boys.

There's a lot going on for young people in Ontario.

Find out

Young people in Ontario can take advantage of a number of excellent programs and services offered by the Government of Canada. If you're interested in any of the ones described here or in knowing more about others that are available, just use the coupon below to find out.

Youth Opportunity Fund

The continuing strength and vitality of our nation rests with its young people. That's why the Government of Canada has attached such great importance to creating jobs for Canadian youth.

In the last federal budget, \$150 million was added to the \$1 billion Youth Opportunity Fund. The purpose of this fund is to help young people, including students, to learn new skills and find jobs in private industry and the voluntary and public sectors.

Training for Youth

Haven't found the right job yet? On-the-job training is one of the most practical ways to gain valuable work experience. The Government of Canada's General Industrial Training program allows you to earn while you learn. Many employers have already used this program to help give young people a start in life.

Your employer may be reimbursed for nearly all of the training costs. As well, the Government of Canada will, in most cases, pay the employer half of your wages during the training period. Training may last from a few weeks to a year. To learn more, use the coupon below.

Career-Access could open doors for you

A lot of young people know what kind of career they want and may even have prepared for it by studying at high school, university or training at vocational schools or community colleges. Even so, once they start looking for jobs in those fields, they may not be able to find what they want. That's when the Career-Access Program can help. It was designed to encourage employers to hire these people so they can gain valuable experience in their chosen careers. The encouragement for employers is that the Government of Canada pays part of the wages while the person is gaining needed experience.

Specialized Services

Because they have no job training or trade, lots of young people find it difficult to get jobs. So there are special programs designed just for them. For example, Specialized Youth Units (SYUS) are staffed with people who cooperate with community agencies and Outreach projects to place these young people in suitable and rewarding jobs where they can increase their skills. There's a SYU branch in Scarborough where Ontario young people can apply for help.

Planning now for future job security

Modern technology keeps changing the ways we work and the jobs we do. Canada's National Training Program includes a plan that will make sure people are trained now for the kinds of skills that will be very much in demand in the eighties and after. The Skills Growth Fund encourages public training institutions and private non-profit organizations to teach modern technical and related skills and to develop the facilities for this work. The easiest way to find out more about training is to ask at your local Canada Employment Centre.

Get involved in Katimavik

Katimavik is a popular and successful national youth program for single people from 17 to 21. If you participate, you will be involved for nine months, travelling in groups to different regions in Canada and working on community projects. The work is rewarding and varied, from the restoration of cultural artifacts to the clearing of trails and waterways in municipal parks. While you don't get paid as you work, there is a \$1,000 honorarium at the end of the nine months.

Some Katimavik projects here in Ontario have involved a companionship and home care program for seniors, establishing day care centres for single mothers and a drop-in centre for teens.

Or, you could find yourself building a fishermen's wharf on Cape Breton Island or staffing a community cablevision station in British Columbia.

This year, 5,184 participants will be needed for over 400 projects in cities and communities across Canada. It could be a great way for you to develop new skills, meet new people and learn a lot about yourself and your country. Interested? Find out!

Canada Works

Canada Works is a job creation program that provides funds to community organizations, municipalities and businesses, helping them to hire staff for special work projects and activities. If you have been unemployed for eight weeks, you could be eligible to work on a Canada Works project. The jobs last from six to 52 weeks and give you experience and contacts that might help you find a long-term job. Your Canada Employment Centre has information on the Canada Works jobs available in your community.

Hartwick takes two game lead in final

Hartwick Construction leads the Men's Recreational Hockey finals after an 8-7 overtime victory against the Rockcliffe Foamblowers on Monday night.

Kim Hamilton opened the scoring for the 'Blowers on a short-handed goal. Dave Pettes assisted on the play. Two minutes later Dave Hartwick made it 2-0 knocking in a pass from Jim Keetch. Hartwick got on the board when John Barkwell took a pass from Barry Smith, skated in on the net and scored.

Harris Steele scored twice in the last minute of the period to put the Blowers up 4-1. Dave Hartwick assisted on both goals and Jim Keetch picked up another assist.

Hartwick dominated the second period scoring 4 unanswered goals to pull ahead 5-4. Dave Dollo, Lawrence Loughheed and Al Stender scored the catch-up goals on assists from Trent McElwain, Charlie Berube and Dave Crego. Larry Sawyer scored the go-ahead goal and picked up an assist.

Jim Keetch tied the game for the 'Blowers at the 5 minute mark of the third period. Three minutes later John Barkwell put Hartwick ahead 6-5. Dave Pettes evened the scoring halfway through the third period then Jim Keetch scored his second goal of the period to put the 'Blowers up 7-6. With only three minutes left in regulation time Charlie Berube tied the game at seven-up. Third period assists for the 'Blowers went to Dave Hartwick, and a pair each to Harris Steele and Rick Boucher.

Assists went to Hartwick's Doug Pearson and Lawrence Loughheed.

The game ended after only a few minutes into the sudden death overtime when John Barkwell scored his third goal of the night on a pass from Dennis Brule.

As a result of their second win in a row Hartwick remains undefeated in the best of five series.

Action resumes on next Monday at 7 p.m. Admission to the game is free.

Charlie Berube slides the puck under the Rockcliffe Foamblower's goalie Gene Davis to break a 5-5 tie. Hartwick Construction won the game 8-7 in overtime to take a two game lead in the Men's Recreational finals on Monday night.

Council briefs

Queen's Line agreement

Municipal crews will be used to brush a proposed hydro right of way along the Queen's Line. Members of the resident's association appeared before the council to request the brushing.

The residents told the council that they needed confirmation of the brushing contract prior to April 1 when the cost of the hydro installation will increase. They noted that the brushing will not only assist in the delivery of electrical power to their homes, but should help with road maintenance by allowing the sun to bring the frost out of the roadway faster in the spring.

The brushing work is expected to be carried out under a make-work project with the assistance of Katimavik participants.

Gravel supplies

The bid of Ormell Sand and Gravel in Fenelon Falls to supply the municipality with 10,000 cubic yards of crushed gravel was accepted by the council after the two bids submitted were opened. Included in the contract is an additional 4000 cubic yards for Lutterworth Township. The Ormell bid, the lowest of the two, was \$1.75 per cubic yard for a total of \$24,500. The second bid was for \$1.79 a cubic yard or a total of \$25,060.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposed to enact a By-Law to stop-up, close and convey those parts of the original allowance for road set out and described as follows:

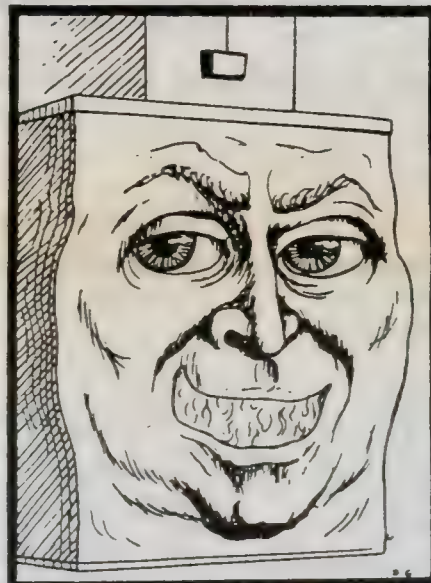

FIRSTLY: All and Singular those certain parcels or tracts of lands and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Boshkung Lake lying in front of part of Lot 9 Concession 3 and being more particularly described as Parts 2 and 5 Plan 19R2796 and Parts 1, 3, 5 and 7 Plan 19R2880, which Plans are deposited in the Registry Office for the Registry Division of the County of Haliburton.

A COPY OF THE PLANS OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The Proposed By-Law will come before the said council for consideration at a meeting at the Municipal Office in the Township of Stanhope on the 28th day of March, 1984 at the hour of 11:30 a.m., and at that time, the council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: February 22, 1984.

Jeff Howe leads the attack ahead of captain Chris Laporte during the last game of the series against Beeton on Friday night. The Haliburton-Minden team was tied with Beeton coming into the game. The largest crowd of the hockey season was on hand as the visitors won the exciting match 6 - 5 in the sudden death overtime.

Wolf controversy continues

by Arlin Hackman, Federation of Ontario Naturalists

How are we to assess the nationwide controversy over the B.C. Government's wolf killing program? Most of all, it must be seen that wolf control is a political issue, involving conflicting public values and objectives shaped by our views of nature.

For those who believe it is our God-given right to have our way with nature and whose objective is to maximize game populations, then the reduction or elimination of wolves is entirely reasonable. And the 20th century science of wildlife management, with its promise of "game ranching" to maintain desired production levels, has willingly served this philosophy. Recognizing that climate, food supply and disease are difficult factors to regulate - and steeped in a culture long antagonistic to predators and moved by political pressure to maintain hunting opportunities at all costs, wildlife managers readily pull the trigger on wolves as undesirable competition with sport hunters.

On the other hand, for those who have come to appreciate the interdependence of all living organisms and believe that wolves, like all other wildlife, have a rightful place in natural ecosystems, the killing program is a problem. Wolves are gone now from the Maritimes and much of their southern range, especially agricultural regions.

While not yet officially endangered, as in Sweden (where funds are now spent

on wolf rehabilitation), the wolf population in Canada is vulnerable to such control programs.

It's not the case that every wolf is sacred or that they only consume the old and sick animals of little value to humans. More importantly, where 20th century development alters the natural habitat, direct intervention in wildlife relationships may become more and more necessary to maintain some semblance of balance.

But that doesn't mean wolf control programs are ever justified solely to increase wild game for hunting as in B.C. This is especially true when it's not clear that wolves are the cause of decreased game populations. Last year wolves were killed in the Yukon. It has since come to light that 80% of the moose calf mortality originally blamed on wolves was actually the work of bears. Our science is still uncertain.

Given our knowledge of natural systems, the first concern of management after human life and property are reasonably secure, should be the

integrity of the biological environment, including wildlife relationships. What is needed more often than not is people control, not predator control. Wolf kills may be necessary as a last resort to avert the loss of another wildlife population (and hence wolves as well). However, if this happens a ban on hunting is also warranted.

Control programs, experimental or otherwise, should never reach the drawing board until a thorough study of all other potential factors relating to depressed wildlife populations has drawn a blank. Dr. John Theberge, a Canadian wolf expert, reports he is drafting a proposed outline for such a study which he hopes will lead to a consensus among wildlife biologists.

It's clearly too late for science to offer a reasonable solution in B.C. But we in Ontario have an opportunity to avoid such battles. I have little doubt the tension will mount. Provincial wildlife policies already provide for predator control programs and wolf kills are not uncommon. Canada's

pioneer wolf researcher, Dr. Doug Pimlott, said it best more than 20 years ago.

'The greatest danger to the timber wolf lies in the future. Toward the end of this century - when large areas of 'big game' range at last becomes accessible, and when the annual kill from hunting finally approaches the production of the lands, what will our attitude be then? Will we be willing to share deer, moose and caribou with the wolves?'

Report from Down-under

Angela Googh is a local high school student who is spending a year in Australia as part of the Rotary International student exchange program. Her visit is sponsored by the Minden Rotary Club. Angela has agreed to share some of her experiences "down under" with our readers. The following report, on her first six months in Australia, was sent in late February.

For those of you in Minden whom I haven't had time to correspond with much, and for those who don't know me all that well, I hope that this summary of my first six months in a foreign country will answer some underlying questions and perhaps give you a small amount of enjoyment while you skim over the local paper after an evening meal.

I have been in Australia, as I have said, very close to six months. During that time I have been to school, been on holidays, seen a fair bit of the country, tried to adapt to Australian lifestyle and learn as much as I possibly can.

When I first found out that I was going to Australia I knew that I wasn't in for a very cultural change. Certainly nothing like it would be going to Japan or Brazil but unlike those countries where a student stands out and it is expected that they will make terrible blunders until they learn the language, I didn't stand out, until I spoke with my very detectable Canadian accent and have often said things without thinking and heard things said that have made my companion or myself turn a slight shade of red or at least turn our heads very quickly. For example, I have been asked several times in class if someone could borrow my "rubber" if you'll pardon the expression. Also, it became a little embarrassing after a while having to ask my "mates" at school to define the punch line of a joke while the rest of the group was finding it rather hilarious. It may have been awkward but at least everyone got a second laugh, including me!

While I'm on the subject of school I'll tell you a bit about Murrumburrah High. It goes from years not grades, that's a term used in primary school, years 7 to 12. The total enrolment in the school is approximately 260. And I thought H.H.S.S. was small! It took some getting used to, seeing all the young "Crieks" in grades 7 and 8 running around but each grade has an area of the school and grounds to spend the recess and lunch hour so it wasn't in any way different.

School uniforms

A major difference between the two systems is that here uniforms are required, not by law, but if you don't wear them life can be made very unpleasant for you. For the years 7 to 10 (the junior school) the boys wear grey slacks or shorts, a plain blue shirt and if it is cold a blue "jumper" (sweater); the girls wear a plain white shirt with blue slacks or skirt. In the senior part of the school the uniform is grey slacks or shorts, a white shirt and a maroon jumper for the boys and maroon slacks or skirt and white shirt for the girls. The majority of the students wear them simply because it is the accepted thing and they prefer to. It saves the hassle of worrying what to wear the next day and it keeps everyone on the same level.

There is no public announcement system in the school but there is an assembly outside everyday and I haven't stood up to or sang the national anthem once at school yet.

The assessment at schools here is different also. Students graduate after grade 10 but most technical courses such as auto mechanics, drafting, typewriting and other business courses are done in technical colleges not within the high school. If students choose to go on to do grade 11 they are choosing to do 12 also because grade 11 and 12 are incorporated into final exams after the end of the two years, much like the departmental exams that used to end grade 13 in Ontario.

While I have been attending school regularly and disparately trying to keep up with the work load, I have kept very busy elsewhere.

Tiger snakes

My first real experience with the Australian outback was last October with my first host family. We went out to a place in the middle of nowhere near a town called Booligal to herd some cattle. The expression Hay Hell and Booligal might suggest to you what it is like in that part of the country - the only thing hotter between Hay and Booligal is 'Hell'! We stayed in an old deserted home-stead that had a hole in one of the walls where someone previously shot a snake. And not anything friendly like a garter snake or a rattler even; in Australia they have Tiger snakes that don't wait to be disturbed, they attack first. Of course I wasn't told all of this until I got there! I saw emus running wild, lizards longer than a foot, wider than a snake and kangaroo by the hundreds. It certainly was

an experience.

This living with a farming family showed itself to be interesting also; especially after I learned to milk a cow! I have photos to prove it too.

My first major trip was a school excursion to South Australia which lasted a duration of 8 days. The further west we got the flatter it got and the drier! By going on the countryside that I saw and how everyone was so excited about it being wetter than usual I think it would be fair to say that Australians don't know what 'green' really is. I was also fascinated to learn that a forest of gum trees (eucalyptus and others) once subjected to fire will regenerate its leaves after the first rain. Wouldn't that be a blessing in our country?

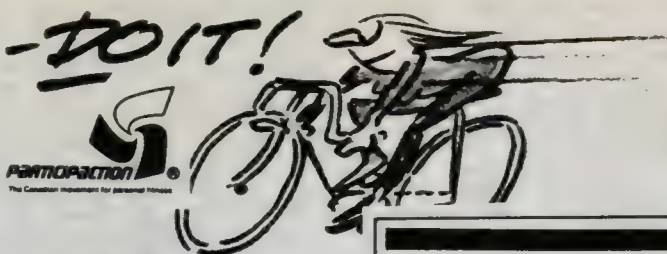

Closer to home

My next large trip was during my 'summer' holidays in January with my host parents at the time. We went to various places in the southern state of Victoria. The countryside of Victoria is somewhat closer to what I am used to with a few more trees than New South Wales. It could also be described as a very historical state. There are many places where the heritage of Australia is preserved such as monuments, historical sites, and pioneer villages. Needless to say, I enjoyed myself thoroughly while I was there.

School started again on February 1 after a six week vacation and since then I haven't stopped. Between homework, visiting families and friends and attending formal functions I'm not sure which is exhausting me more.

I have 5 months to go in Australia and it looks as though life is going to become much faster before it will get any slower. I have two major trips in April and May. The first is to Central Australia and the second is to northern Queensland. I have to local high schools (the Catholic and government) and the Catholic primary school to give presentations to and I hope to talk to the Lions and Appex clubs in the near future. In the meantime I have Rotary meetings to attend, sports competitions are starting at school soon and I'm always spending time with friends and previous families. I've got two more hosting changes to make, the District Conference to attend in a week or two, and a Youth Club presentation to give next month ... need I go on?

Until next time...

Trail agreement reached

The council and Beaverbrook Golf Course Limited have entered into an agreement for the provision of cross-country ski trails on that property. Councillor Dave Stevens, the owner of the golf course, declared a conflict of interest in this matter.

The agreement covers a two year period and allows the municipality to cut and maintain cross-country ski trails on the property. The construction of a bridge will also be permitted. Use of the trails will be limited to the winter season and they could be closed to the public if weather conditions could result in damage to the golf course. An option to renew the contract is included. The municipality will pay \$2 per year for the use of the property.

Skaters win Interclub awards

submitted

The Minden Figure Skating Club participated in the Kawartha Highlands Interclub competition held in Bancroft on Sunday, March 4.

The Minden Club was one point short of bringing home the club trophy for total points scored by one club. Bancroft Skating Club seized top spot. The following members were entered in the competition.

Pre-preliminary A - Nadine Balcombe, Carol Mowat, Meaghan Obee.

Pre-preliminary B - Sheri Wesley.

Preliminary Ladies - Julie Bird, Mairead Cavanagh, Chantelle McKnight.

Preliminary Men - Danny Garbutt, Jay Garbutt, Hunter Obee.

Pre-Juvenile Ladies - Nancy Bird, Heather Donaldson, Cheryl-Ann Russell.

Juvenile Ladies - Abby Burk, Dianne Garbutt, Janna Obee.

Pre-Novice Ladies - Lisa Carr, Jenni Gentle, Tanya Willis.

Novice Ladies - Werna Blakey.

Preliminary Similar Dance - Kelli Dollo and Heather Donaldson, Cheryl-Ann Russell and Nancy Bird.

Preliminary Mixed Dance - Sara Mowat and Hunter Obee, Abby Burk and Jay Garbutt.

Juvenile Similar Dance - Sandy Bailey and Janna Obee, Julie Hall and Sara Lee Henderson.

Novice Similar Dance - Werna Blakey and Jenni Gentle, Misti Campbell and Tammy Pritchard.

Preliminary Interpretive - Julie Hall, Sara Lee Henderson.

Bronze Interpretive - Lisa Carr, Tammy Pritchard.

The members of the Minden Figure Skating Club proudly pose beneath the banner they carried at the annual interclub competitions.

Congratulations to everyone for a job well done. We are very proud of each and every one of you. Next year the competition will be held in Lakefield and we look forward to your active participation.

The following skaters placed in the top three.

Preliminary Men - Jay Garbutt, 1st; Danny Garbutt, 2nd; Hunter Obee, 3rd.

Pre-Novice Ladies - Lisa Carr - 1st; Tanya Willis - 3rd.

Preliminary Similar Dance - Kelli Dollo and Heather Donaldson, 2nd; Cheryl - Ann Russell and Nancy Bird, 3rd.

Preliminary Mixed Dance - Jay Garbutt and Abby Burk, 1st; Hunter Obee and Sara Mowat, 3rd.

Juvenile Similar Dance - Julie Hall and Sara Lee Henderson, 1st.

Novice Similar Dance - Werna Blakey and Jenni Gentle, 1st.

Bronze Interpretive - Lisa Carr, 3rd.

Members of the preliminary skaters who captured top honours seen above include, from the left, front row, Kelli Dollo, Danny Garbutt, Helen Donaldson, back row, Abby Burk, Jay Garbutt, Hunter Obee, Sarah Mowat, Cheryl-Ann Russell and Nancy Bird. To the right, senior skaters with their trophies include, from the left, front Sarah-Lee Henderson, Julie Hall, back row, Tanya Willis, Lisa Carr, Werna Blakey and Jennifer Gentle.

Representatives from provincial government buildings received energy conservation awards at ceremonies in Toronto on March 6th. The Minden District Office of the Ministry of Natural Resources improved its energy efficiency by installing a new furnace. District manager Don White, left, accepts the silver award from Andy Watson, M.P.P., Parliamentary Assistant to Energy Minister Philip Andrewes.

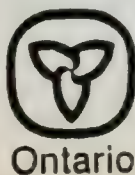

NOTICE TO SAWMILLS AND LOGGERS REGARDING CROWN TIMBER DISPOSAL

The Ministry of Natural Resources is currently in the process of preparing a forest management Operating Plan for Crown lands of the Minden District for the five-year period ending in 1990.

This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and a licencing and timber sales programme for disposal of this timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for the improvement of other forest stands are also included in this operating plan.

In order to provide as fair a disposal of the Crown land allowable cut as is possible, the Ministry is soliciting the views of mills and loggers on this matter prior to the preparation of any new licences and sales. The deadline for such submissions is April 16, 1984.

For further information, contact the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0, telephone 286-1521.

Twenty-Two (22) Senior Citizen Unit Apartment Building located on Prentice Street in Town of Minden.

Sealed Tenders complete with \$25,000 Bid Bond or Certified Cheque Payable to the owner, and 100% Performance Bond and 100% Material and Labour and Material Payment Bond by the owner on March 28, 1984 at 2:30 p.m., c/o Municipal Clerk, P.O. Box 98, Milne Street, Minden, Ontario. K0M 2K0.

Late Tenders will not be accepted.

Tenders will be publicly opened at the time of tender closing.

Tender Documents are available from the Architect, V.W. Kuchar and Associates, Architects, 3815 Bloor St. W., Toronto, Ontario. Telephone 416-231-4022 or from Minden Municipal Clerk.

Deposit of \$100 is required for Set of Documents.

Second Set can be purchased at cost of \$50.00.

Lowest or Any Tender may not be necessarily accepted.

Kenney claims province is shifting spending priorities

The province is shifting priorities away from the improvement of municipal roads and as a result, an increasing burden for maintaining and expanding road systems is falling on the local taxpayer. That is the conclusion of a report presented to the March 8 meeting of Anson, Hindon and Minden municipal council by Councillor Gary Kenney.

The detailed report, entitled "A Chronology of Frustration" traces how the

province, through the Ministry of Transportation and Communications, has changed the formula under which it assists municipalities in road construction and maintenance. According to Kenney, the changes in formulae which have taken place during the past year have resulted in a deficit of \$11,100 in the road budget.

He told the council that it was time municipalities challenged these changes,

especially since some of them had taken place after the municipality had committed funds based on promises made by the ministry.

The councillor suggested that the MTC was inventing new formulae to justify a set expenditure. He said that dialogue must be established with the ministry to work out what he called, "realistic cost sharing priorities that can be relied on for more than a six-month interval."

Kenney pointed out that municipalities are required

to make construction and equipment purchase decisions to cover a number of years. "The ability to plan ahead will be placed in jeopardy if the terms of cost sharing with the MTC are allowed to fluctuate at random."

He also pointed out that municipal costs are increasing each year, often as a result of programs initiated by the provincial government. However, "Insult is added to misery when provincial sharing of those increased costs is reduced year by year."

According to the councillor's report, some 80% of the provincial spending priorities used to go to such traditional areas as schools, roads and public buildings. He claims however that the trend has changed with less

than 10% earmarked for these areas. Kenney blames this on excessive provincial spending in other areas including Ontario Hydro, and cites, as an example, the purchase of Pennsylvania coal mine. "The province sees fit to purchase the entire output of the coal mine, rather than invest in job creation activities such as road construction," the councillor added.

Kenney suggested the province was "testing the water" to determine if it could shift the priorities and "leave the municipal taxpayer holding the bag." The councillor suggested, "The bag is empty."

He said the municipalities

need to establish a dialogue with the provincial government about priorities. At the moment he claims the allocation of funds has only reflected provincial desires.

The councillor also noted that municipalities in the Highlands stand to lose the most by the changes since its road network is spread over a wide area, serving a mostly rural population.

Kenney said it was now up to the council to act. "I'm spent," he told the councillors. "I've done what I can do. It's up to you."

The members of council quizzed Kenney on aspects of his report. The matter could come up for discussion at a future meeting.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT; and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Moore's Lake, in front of Part of Lot 26, in Concessions 5 and 6 and in front of 33 feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance Portions to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on Thursday, April 19th, 1984, at the hour of 7:00 o'clock P.M., a By-law to stop up and close the parcels of land more particularly described as follows:-

SCHEDULE "A"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concessions 5 and 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 9 to 27 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2945.

AND, in addition, to convey Parts 9, 11, 13, 15, 17, 19, 21, 23, 25 and 27 to the owners of the abutting Instrument Numbers 31541, 34475, 32028, 99342, 10792, 77660 and 77662.

SCHEDULE "B"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Moore's Lake in front of Part of Lot 26, in Concession 6 and in front of thirty-three feet of the Original Allowance for Road between Lots 25 and 26, in Concession 6, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19)a as Plan 19R-3010.

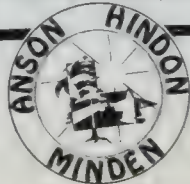

AND, in addition, to convey Part 1 on Survey Plan 19R-3010 to the owner of the abutting Instrument Numbers 16943, 2436 and 80149.

Copies of the Survey Plans 19R-2945 and 19R-3010 are attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 14th day of March, 1984.

Mr. Wayne D. Hughes,
Clerk-Treasurer,
P.O. Box 176,
Minden, Ontario,
KOM 2K0

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Lake Kashagawigamog.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on March 22, 1984 proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of road allowance more particularly described as follows: - All and singular that certain parcel or tract of land and premises situate, lying and being in the Township of Minden in the County of Haliburton and being composed of part of the original allowance for road along the shore of Kashagawigamog Lake in front of part of Lot 18, Concession 2 in the said township of Minden more particularly illustrated on Plan of survey registered in the Registry Office of the Registry Division of Haliburton as Part 1 on Plan 19R-2283.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 22nd day of February, 1984.

(Mrs.) Elinor Burke, A.M.C.T.,
Clerk-Treasurer,
Townships of Anson, Hindon & Minden,
Box 98, Minden, Ontario, KOM 2K0,
Phone (705) 286-1260

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal office hours.

Eakins suggests employment program needed

(from page 4)

force to employers, unions, schools and others.

establish a province-wide apprentice hotline to assist laid-off apprentices in search of re-employment.

A background document outlines the depth of the problems and challenges our medium and long-term proposals. We will face a major crisis, deeply affecting our economic well-being, if leadership is not now shown by government, business and labour.

We must better co-ordinate our efforts in providing jobs and training and we suggest that one Minister be assigned the responsibility of co-ordinating the effort of providing skills for today and tomorrow.

The problem we face is one of structural unemployment - a persistent idleness within our work force caused by changing economic and technological conditions - which will not go away left unattended.

We must attack this unemployment problem on

two fronts: with short-term solutions and long-term planning.

Last October, we presented a program to employ thousands of young people for up to one year at the minimum wage, specifically targeted at long-term unemployed youth who are most likely to have the least marketable skills. Our youth program was intended to provide a meaningful working experience and an opportunity to upgrade educational background. We hope it will form a model for the Ontario government's promised job creation scheme promised in the Throne Speech later this month.

Our program was intended to help those who would probably be the last to benefit from any upturn in the economy. Our current proposals and subsequent phases of our Ontario Liberal skills training program are intended to revamp our entire approach to the skills training and the ultimate employability of all our workers.

Farmers find little benefit

Ag report

O.F.A. food basket

Each month the Ontario Federation of Agriculture issues an updated report on the cost of food in stores in Ontario. While most "food baskets" calculate changes in store prices, the O.F.A. also shows changes in the Ontario farmer's share of the retail food dollar. Because of problems in calculating the farmer's share of the retail food dollar. Because of problems in calculating the farmer's share of processed foods, and since some products are not grown in Ontario, the O.F.A. Food Basket includes about 55% of the weekly food purchases of an average family of four.

The O.F.A. Food Basket Report for the end of February indicates that consumers paid 2.3% more for the food they purchased in February than in January. They paid \$49.45 for the 46 items in the basket, an increase of \$1.11 over January, and an increase of \$2.84 (6.1%) over February 1983.

While retail prices increased sharply, the farmers' share showed only a slight improvement. Farmers received \$48.92 for every \$100 consumers spent on the items in the OFA Food Basket, up eight cents from their share in January of \$48.84. However, February was the eighth month in a row that farmers received less than half of the retail price for the food they grow.

The increase in fluid milk prices was the major contributor to higher food prices this month. The retail price of milk rose 10 cents per litre, but farmers only received three cents per litre more.

Highlights of the food basket include:

- beef prices rose two cents per pound at the retail level; farmers received a one cent per pound increase.
- pork prices rose three cents per pound retail, while the farm-gate equivalent rose eight cents per pound.
- chicken increased five cents per pound in retail stores with no increase to the farmer.
- egg prices did not change at the retail level, but dropped one cent per dozen at the farm-gate.
- dairy products increased 85 cents at the retail level and 30 cents at the farm-gate. Higher milk, cream, butter and most cheese prices were responsible for the increase.
- Processed fruits and vegetables rose in retail stores but the farm share remained unchanged.

Cow-calf seminar planned

A cow-calf management seminar is being held on Thursday, March 22 for beef producers across the East Central Ontario area. This

Seminar will take place at the Lindsay Community Sale Barn, starting at 10:00 a.m.

The morning program will feature speakers on several topics related to improving the efficiency of production in a cow-calf operation. The afternoon program will feature some demonstrations and "hand-on" workshops on various procedures involved with beef cattle. Lunch will be provided to all participants.

This cow-calf seminar is being jointly sponsored by Lindsay areas. Beef calf clubs will be found in the Bobcaygeon, Fenelon Woodville, Dalrymple, Little Britain and Omeme areas. A Pony Club will be running in Emily Township.

4-H Horticulture Clubs will be offered in South Verulam, Victoria West, Lakeview and Downeyville. There will be a Veterinary Science Club in Victoria West and another in Victoria East.

County 4-H clubs will be organized in swine, sheep, poultry, ploughing and field crops. A new senior project this year will be Leadership.

For more information on the 4-H Program, come out on March 16. Information is also available at the Lindsay Agricultural Office, or from a local club leader.

County Cattlemen's Associations, the Lindsay Community Sale Barn, the makers of Ralgro and Spoton, and Cyanamid Canada Ltd.

4-H organization

The Victoria County 4-H Summer Program is about to kickoff.

An organization program will be held Friday, March 16, at the Ops Community Centre. It will begin with skating at 12:30 p.m.

The 1984 4-H program will be discussed in detail.

4-H is open to young people between the ages of

12 and 21, as of January 1, 1984. A 4-H member must care for a specific project over the summer.

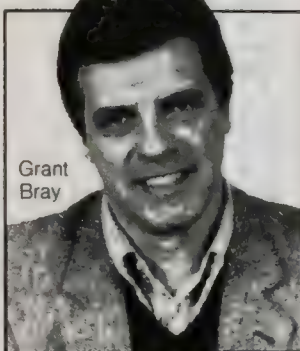

Each 4-H club will hold one meeting a month from April to August.

4-H members must attend at least 75% of club meet-

ings, must complete a club project book and participate in the Club Achievement Program.

There is a wide variety of projects being offered. Dairy calf clubs will be found in the Omeme, Little Britain-Woodville and

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop up, close and convey those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of lands and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Kushog Lake, lying in front of part of Broken Lot 3 Concession 6 and being more particularly described as parts 1 and 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2983.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

The proposed By-Law will come before the said council for consideration at a meeting to be held at the Municipal Office in the Township of Stanhope on the 28th day of March, 1984 at the hour of 11:00 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: February 21, 1984.

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation of
The Township of Stanhope
R. R. #1, Haliburton, Ont. KOM 1S0

Five generations of the Blair family recently gathered for an informal portrait. They include, second from right, Mrs. Emily Blair, her daughter Eva Little, left, Mrs. Blair's granddaughter Muriel Peters, right, great granddaughter Sharon Wells and great-granddaughter April Emily Wells.

Branch 129 news

Branch 129 held the General Meeting on March 1, with two initiations; namely, Lewis Vesh, and David Chatfield.

On March 4, ten Branch members attended the Zone Convention in Lindsay. President Bruce McKay and three other delegates will represent Branch 129 at the Dominion Convention in Winnipeg in June, and Branch 129 will host the District Convention the end of April.

Having completed the upstairs bar, committees are organized to improve the appearance of the stage wall. The Ladies Auxilliary have simplified the task - by donating one thousand dollars toward the work.

Have you bought your ticket yet from Comrade Holly on the hind quarter of beef? The draw will be on April 14 in the clubroom along with a turkey roll.

The sports officers have

been busy. Irene Higgins reports an L.A. team is entered in Provincial euchre in Toronto on March 24, and a dart team will go to District competitions in Cobourg on April 8. Reg Crockett has been equally as active with Zone shuffleboard competitions in Belleville on March 10 with Branch 129 having won first and second place in Haliburton. The Johnny Maughan annual dart tournament was held at

Branch 129 on March 3 with Bancroft winning first place in teams, double and single and high score. Also, Bancroft took second in teams, double and single.

A good crowd turned out to cheer for their dart team when Branch 129 and Deadman's Cross, England, vied for top place in the annual competition on February 19. Our Branch won five out of seven games. Players

were: Barry Robertson, Jim Hobson, Reg Crockett, Jack Morrison, John Briggs, Bernard Bain, and Geordie Vincent.

Recent donations have included: Fifty dollars each to the March of Dimes, the Pine Ridge Health Unit, and the Easter Seals.

The Branch purchased fifteen sweaters for Old Time Huskies. In addition, five hundred dollars was donated to help finance the athletic career of an exceptional handicapped athlete, Norah Good.

Best wishes to all Comrades who are ill, especially if there is anyone from whom we have not heard, and to Bertha Porter in Extensicare, and Ed Picard, our accordionist.

The next General Meeting will be held on April 5. Hope you can come.

Mabel D. Brannigan,
P.R.O.

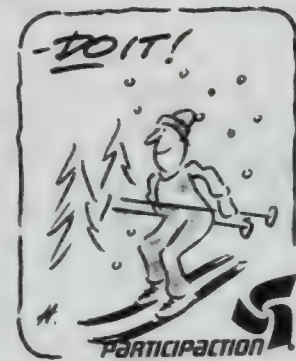

Volunteers help by driving

by Marie Wallace
Co-ordinator

As you know our organization has a "Transportation" program. Volunteers are doing an excellent job in providing this much needed service. We have noticed over the years that many people are travelling to Peterborough for doctor's appointments and treatment. It has been suggested to us that perhaps people who wish to share the cost of the trip could book their appointments, say on a Wednesday, and in that way a few people could travel together with pick-up points along the way. This is a possibility and one you may wish to consider - I would be pleased

to hear your comments, just call me at 457-2941.

Remember seniors, if you need a drive, you are welcome to use the service of the volunteers by calling 457-2941.

Did You Know?

by Bambi Gilder

Well, it's that time of year once again when everyone is getting ready to prepare their income tax returns.

If you should need any assistance in filing your return, we have a number of volunteers who would be glad to help you out and will come right to your home free of charge.

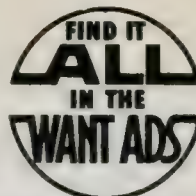

All you have to do is just give us a call at our office and we will set you up with a volunteer who lives close to your home.

These volunteers have recently attended an income tax clinic, therefore, have been made aware of the major changes in the 1983 guide and are very reliable.

If you have not yet received a tax return in the mail, you can obtain one at the Post Office. Your completed return must be in the mail by April 30.

The Haliburton County Information Centre is located in the Drag River Municipal Building (across from Emerson Lumber) in Haliburton. Why not drop in or give us a call at 457-2733. Our office hours are 10:00 a.m. to 4:00 p.m. Monday to Friday.

And remember, you will never know the answer until you ask the question.

Call 286-1288 — 9 a.m. - 4 p.m.

Minden Library Committee met Monday night and, like all groups in Minden, are trying to come up with a way to celebrate AHM's 125th anniversary. The best suggestion was a soap box derby involving parents and kids this summer. They'd like some ideas and suggestions and also find out just how many of you out there would be interested in participating in such an event. They will be watching films on soap box derbies shortly and will have more information on the subject. We will be keeping in touch with the committee members and will keep you up to date on the latest developments.

St. Paul's Thrift Shop at the Anglican Church in Minden will be opening this Friday from 1 p.m. to 4 p.m. This week's bargain - coats - 1/2 price.

Jack and Janice Shaw and children Doug and Karen visited her brother Bradley Robinson in Toronto on the weekend.

Mrs. Joyce Hewitt travelled to Carleton Place for a week to visit with her son Neil and his wife Susan and, of course, to see her new grandson Sean Burke Hewitt, who was born March 3 in Almonte, Ontario weighing in at 8 lbs., 7 oz. Our congratulations to Neil and Susan and grandma Joyce.

The Women's Institute will meet March 21 at 2 p.m. in the Library/Cultural Centre when the speaker will be Ernie Hills on the Farmer's Market.

Phil and Florence Robinson visited her sister and husband, Grace and Ern Voiccy at Gamebridge. They all attended the funeral of her cousin, William Purkiss in Beaverton.

Results from the Thursday afternoon card party at St. Paul's Anglican Church were: - Cribbage - Anne Rockory and Vera Ward. Euchre - lone hands - Marg McAfee, others Irene Houghton and Dorothy Reaman.

The Paul Warburtons of Scarborough are visiting with their parents in the area this week during Spring Break.

Received a reminder regarding the Concert Series. Please don't forget the Tanglefoot Concert, songs and stories of Early Canada, to be held Wednesday, March 21 at 8 p.m. in Haliburton Highlands High School auditorium. How appropriate for the Bicentennial etc.

The members and friends of Club 35 met Saturday evening and enjoyed a delicious pot-luck supper followed by card games. Winners for the evening were men's high - George Alsop and high ladies - Mary Stevenson. The Monday card party winners were, for euchre, ladies high Eleanor Ferris, men's high Jack Weeks, lone hands Walter Ackerblade. The door prize was also won by Jack Weeks (evidently his lucky night). Other winners, Eleanor Ferris, Velda Harrison and Jim McCarty.

Bingo players at the Rotary Club Bingo were treated to an interesting evening March 6th with the emphasis on Nevada Tickets. Loretta Anderson started off with a \$100 win and later Lil Martin pocketed another \$100. Jeanne Sears was honoured for her support of Rotary Bingo over the years, having a game named after her and was presented with a nice gift from the club. Margo Sisson was the lucky winner of a year's subscription to The Times. The next bingo

will be March 27th, so plan on joining in the fun.

A beautiful wreath

pattern double bed size quilt made by Jean Hewitt is being raffled on behalf of the Agnes Jamieson Gallery. The draw will be held May

21 and tickets are available at the Gallery, at Sandalwood or gallery members for just \$1 each. Do support this worthy cause and do yourself the favour of perhaps winning Mrs. Hewitt's magnificent creation. The quilt was on display at the Gallery a short time ago.

Join Archie Stouffer Home and School Association for a "street-proofing" workshop on Wednesday, March 21 at 7:30 p.m. in the library at Archie Stouffer Elementary School. This workshop is to assist you to teach your children to be wary of strangers without frightening them. The guest speaker will be Maureen Daigle from Oshawa. This should prove a most interesting and worthwhile evening.

Sincere sympathy to the family and friends of the late Ernie Eastman of Mountain Lake who passed away last week.

Mark: I went to a wedding where a man married 16 wives.

Sally: How could he marry 16 wives?

Mark: He married 4 richer, 4 poorer, 4 better, 4 worse.

Q: What do you call a cow that eats grass?

A: A Lawn-Moorer.

Q: What did the Judge say when the skunk came into

the courtroom.

A: Odour in the court.

Q: What do you do when a whale sneezes?

A: Put up your sails.

Q: How do you make a soup gold?

A: Put 14 carrots in it.

Here is a tongue twister. See how many times you can say it. Paper passers, please pass papers promptly.

senior league

by Bert Harrison

Well readers, different ones had relatives call over the weekend to visit daughters, sons or mothers. We hesitate to mention some in case we miss some others.

The chapel service last Sunday night, was on short Christians. This week Rev. Burgess spoke about Christians that are assured, no matter how many heartbreaks we have, we must have faith to endure.

This week I have been all alone. My wife has been in the hospital with a fractured pelvis bone. I would like to thank all who have been rewriting and typing these letters for me. Betty Hardy did this week and did it quite nicely.

We would like to welcome on our behalf Lois Austen to our nursing staff. She'll likely be delivering to us our pills. Which is supposed to kill all our aches and ills.

The ladies have a quilt set up in the lounge downstairs, called the sunflower. Where the quilters work away, sometimes by the hour.

Linda showed us three movies Monday night, "I Will Find A Way," "Big Horn" and "Cape Breton Island", which was quite a sight.

Tuesday afternoon we

played the quiz game once more. The A team managed to chalk up quite a score.

Quite a number of our residents are down with the flu, it's quite a dose I must say. That is why I didn't go up last night to hear Daryl Crowe sing and play. Thank you for coming Daryl anyway.

Well readers, I have changed my mind about one thing, we surely are not going to have a real early spring.

Wednesday night was games night down in the auditorium, sponsored by the auxiliary. We hope with a good crowd they will be truly blessed, for they do grand work here at Hyland Crest. I would have liked to go and play euchre too, but oh brother, it is so hard for me to get from one table to another.

Thursday morning there wasn't enough to play fun and fitness, so Doris just didn't know what to do. We played games instead, Ted Carr and I took on the ladies for euchre and managed to stay ahead.

The UCW ladies from Maple Lake United Church served a real nice lunch this Thursday afternoon. Then Doris led them in a sing song, she also played the

THE TIMES Page 21
tunes. Then Doris and I played some snappy numbers to help entertain. It was nice to see dear friends once more, thank you for coming, we hope you come again.

To thank the ones that write the news around the town, we would like to say a big thank you for remembering my 90th birthday. We would also like to thank Dave Stevens, Larry and Erin McKnight, for calling the bingo numbers Thursday night. Erin came to see that they did the job just right.

Ted Carr says he won six bingos, Milly Wood won four. On Friday afternoon we had no sing song, too many residents down with the flu. Our entertainers to come and get it themselves would be a very silly thing to do.

Keep a song in your heart
It will lighten

The duty you hold in your hand,

The music will graciously brighten

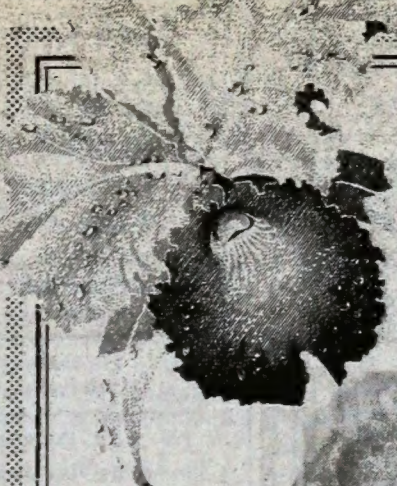

The work your high purpose has planned

Your notes in the lives that have saddened

May make them hope-fully yearn

And earth should be wondrously gladdened

By the songs they will sing in return.

HAPPY 88th BIRTHDAY

Don't Talk To Strangers!

How can we teach our children to be wary of strangers without frightening them? Join us for a "street-proofing" workshop on Wednesday, March 21 at 7:30 p.m. in the library at Archie Stouffer Public School. Guest speaker will be Maureen Daigle from Oshawa, a member of "Outreach", a Woman's action committee. Sponsored by Archie Stouffer Home and School Association. 3BC

WINNERS - Galway Fire-fighter's 50-50 draw. January - Tim Turcotte, Scarborough, Ont. Ticket no. 526. \$81.50. February - Lloyd Bull, Haliburton, Ont. Ticket no. 074. \$89.00.

ANNOUNCEMENTS

Agnes Jamieson Gallery presents

The Brian MacDonald exhibition of wildlife paintings continues until March 31st.

Plan to see and enjoy the work of this artist, who spends his summers painting at his cottage near Ingoldsby.

Gallery Hours

Monday through Friday
1 - 4 p.m.
Saturday
10 a.m. to 4 p.m.
North Bobcaygeon Rd.
286-3763

CARD OF THANKS

I wish to thank John McAdam and Spook, Ruth and Brenda McAdam, Stanhope Fire Department, OPP, the ambulance for their quick response to the call, Dr. Lodenquai and the nurses at the Hospital.

Bill McKay

Having cast off the last piece of plaster, I want to thank all my friends for the support in the last 2 1/2 years. You made hoeing the row a lot easier.

Corli

IN MEMORIAM

CURRAH: In loving memory of a dear husband and father, Alvin Currah, who passed away March 22, 1978.

Loving and kind in all his ways
Upright and just to the end of his days
Sincere and kind in heart and mind
What a beautiful memory he left behind.

Deeply missed by his wife Mary and two sons Rennie and Jack.

- Legal notices - \$10 per insertion
- Commercial classifieds - \$5 minimum
- Commercial classified display - \$7.50

NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LAND

The timber on designated areas of Crown land within the Minden District is grown and harvested on a sustained yield basis to provide employment and forest products for Ontario's economy.

The Ministry of Natural Resources is currently in the process of preparing a forest management Operation plan for the five-year period ending in 1990. This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and the disposal of this timber to the forest industry. Provisions for the needs of wildlife and other uses of the productive forest landbase are also considered in this operating plan.

Individuals and organizations who wish to state their views on these matters should do so by writing the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0 before April 16, 1984.
